

# 103

## Digital Indicators

DGI

A very versatile range of digital indicators available in two levels of precision - Standard & High Accuracy

Robust construction

Suitable for both inch & metric measurements

Useful for absolute & tolerance measurement which allows for measure of upper & lower tolerances

Supplied with flat & lug back

Comes complete with CR 2032:3V battery

### ORDERING INFORMATION

CAT NR.	RANGE		ACCURACY		RESOLUTION		BOX QTY.
	(MM)	(INCH)	(MM)	(INCH)	(MM)	(INCH)	
<b>STANDARD</b>
